SSG Auto Parts

Play Store and App Store after go-live · USD list prices, September 2026 · Planned at 1,000 active users / month

Buyers install from the stores. There is no public web app. Supabase holds the catalogue and login. Resend emails the quote PDF. The SSG Orders sheet is the working log. SMS is the only bill that grows with buyers. New store builds use Expo EAS (Free).

1. One-time and yearly

Item	Amount	Notes
Google Play developer account	$25 once	Required to list the Android app.
Apple Developer programme	$99 / year	Required to list on the App Store. Renews every year.
Resend DNS on SSG's existing website domain	$0	So quote mail can reach SSG sales. Set RESEND_TO_EMAIL to the live inbox and RESEND_FROM to an address on that domain.

2. Monthly cost and rate thresholds

Service	At 1,000 users	Monthly	When the rate changes
Supabase	Pro — project stays up, first compute included	$25	Pro includes 100,000 MAU. After that **$0.00325 per extra MAU**.
Resend	Free — one quote email per order stays under the cap	$0	Free: **3,000 emails/month and 100/day**. Then Pro **$20** for 50,000. Extra: **$0.90 per 1,000 emails**.
Google Sheets	SSG Orders tab	$0	No volume charge at this scale.
Expo EAS Build	Free — 15 Android + 15 iOS builds / month	$0	Enough to ship store updates. Starter is $19 only if you outgrow Free builds.
SMS OTP	Charged when a buyer requests a code. Sessions persist.	Per SMS	Local +92 gateway. Planning figure **~$0.01 per OTP**. Real bill is PKR per SMS.

Planning SMS = 1 OTP per active user per month at $0.01. Quote emails counted as 1 per active user. Add Apple $99 each year on top of the monthly total.

3. Total monthly by volume

Active users / month	Monthly total	What changed
1,000 (planning number)	**$35** Supabase $25 + SMS ~$10	Resend still Free.
3,000	**$55** $25 + SMS ~$30	Last month Resend stays Free (3,000 emails).
5,000	**$95** $25 + Resend $20 + SMS ~$50	Over 3,000 emails/month or 100/day → Resend Pro $20. Extra emails $0.90 / 1,000.
10,000	**$145** $25 + $20 + SMS ~$100	Same plans. SMS is most of the increase.
50,000	**$545** $25 + $20 + SMS ~$500	Still inside Supabase Pro's 100,000 MAU.
100,000	**$1,045** $25 + $20 + SMS ~$1,000	Supabase Pro MAU cap. Next user is **$0.00325** (~$3.25 per 1,000 extra).

4. Accounts that change at launch

Account / setting	Dev now	After store launch
Supabase	Free project, email+password	Upgrade to Pro. Same project. Turn on Phone auth. Keep one email user for Apple review.
EXPO_PUBLIC_AUTH_MODE	dev	phone once the local SMS gateway is wired.
allowed_users	Test emails	Real +92 numbers. Invite stays admin-only.
Resend	Test sender → your inbox only	Verify SSG's existing domain. Point RESEND_TO_EMAIL at the sales inbox.
Expo / EAS	Expo Go / LAN	Production store builds. Bake prod env into the EAS profile.
Play / App Store	None	New developer accounts and listings. Allowlist still gates login.
Google Sheet	SSG Autos / SSG Orders	Keep, or share a live SSG sheet with the same service account.
SMS provider	None	Local +92 gateway for login OTP.
